### **PART I – DECLARATION OF LIVING STATUS & SPIRITUAL STANDING**

We, the undersigned officers and living men and women of the Republic of D'key, do now make public and permanent declaration of our sovereign status, free will, and conscious standing. We act under the authority of The Mighty Spirit, with full awareness of our bloodlines, purpose, and divine inheritance. Our standing arises from truth, not title — from essence, not registration.

### **PART II – SOVEREIGN STANDING & DIPLOMATIC CAPACITY**

We are not, and have never been, the corporate fictions or artificial persons styled in all caps. We operate in our living, natural, sovereign capacity. Each named officer now acts as a peaceful ambassador and spiritual envoy of the Republic of D'key, with full diplomatic protections as People, not persons. We hold perfected security interests and deny all presumed contracts or obligations imposed without conscious consent.

### **PART III – REBUTTAL OF LEGAL PRESUMPTIONS & LAWFUL CLAIM**

Any attempt to bind, compel, tax, or regulate us as legal fictions shall be deemed unlawful, fraudulent, and void ab initio. We revoke all prior consents given under duress or fraud and stand fully under the protection of Natural Law and the Republic of D'key. This Declaration is recognised under international customary law and the inherent rights of all sovereign peoples.

### **PART IV – FINAL AFFIRMATION & PUBLIC NOTICE**

We now proclaim this Declaration into the ether, the land, and the living record. Let all systems, courts, and nations take notice: We stand. We know who we are. All rights reserved. All powers retained. All presumptions rebutted.
